An electric-assisted bicycle helps your outing to any hilly land or places with little public transportation. This spring, a rental electric-assisted bicycle system, "Tabi-chari", will be started by Velotaxi Yokohama based on Naka Ward. The rental hours are either one day or a half day. A long term rent is available. Some hotels serve as returning points. Rental is ¥1,500 per day (8 hours). It's worth a try!
